Series 800 Suspension filing cabinets for organisable sliding-door cabinets.

Suspension filing cabinet frame is made of black powder-coated sheet steel with a ball-bearing telescopic guide with 50 mm extension and 70 mm self-retraction. The suspension filing cabinet frame can be subjected to a max. load of 75 kg, can be combined one on top of the other in units of 2 or 3 and secured with a pull-out stop. The installation grid height is 35 cm. The suspension filing cabinet frame can be retrofitted with a wide drawer tray as a steel drawer.

Drawers corresponding to the filing cabinet in function and design, but with an integrated sheet-steel tray for accommodating further accessories such as partitions and dividers as well as adjusting suspension frames.
