## FlipTable-TF Table with folding top.

Construction comprising a centrally positioned tubular-steel crosspiece with an articulated bracket. Folding action can be effected with a two-hand safety actuator under the table top. With a fitting for securing the table top in the horizontal and vertical positions and optionally with a table connector.

Table top of LIGNOpal- (melamine resin), veneer- or linoleum-coated chipboard with plastic or wood edge. The corners are edged or rounded.

Electrification. Optional by means of a textile tray folding down on both sides.

Cable outlet. Optionally with an electrical box for system and data connections.

Frame consisting of two posts with T-foot made of powder-coated or chrome-plated steel. With lockable castors.

Function. When the table top is folded up, any desired number of tables can be pushed together to optimised space.

The following material groups are available to choose from: Frame made of steel tube: M1; Top made of LIGNOpal: L3; Top made of linoleum: L8; Top veneered: F1.
