JustBe Sideboards for two-sided organization with optional table connection.

Frame consisting of slightly oblique, drop-shaped tapering legs with all-round edging, each made from veneered construction beech laminate with a matte wax/oil surface. All variants equipped with felt or plastic glide elements. Body made from melamine-resin-coated chipboard with glued plastic edge. With open shelf compartment and shelf insert as well as with sliding doors or drawers. The latter variant with a cut triangular edge at the front to act as a handle. Body accessible from alternate or from both sides.

Cover plate with shadow gap.

Front with sliding door made from melamine resin or veneer-coated chipboard with glued plastic or solid wood edge. With a triangular surface-mounted solid wood handle. Optionally available with lock.

Table connection available as an option on one or both sides, each with or without cable outlet.

The following material groups are available to choose from: Frame made of wood: H010; Top made of MDF or chipboard: L(white, warm white, terra grey); Top made of MDF veneered: F(Walnut).
