

PRODUCT INFORMATION Shift-p-LSchrank2_TY_US - 15.03.2022 - www.vsamerica.com

Shift+ Transfer Mobile cabinet elements with doors.

Structure of glued linear bodies on a steel cross-member with 4 technical casters, 2 of which are lockable. Body of laminated LIGNOpal chipboards with plastic edge. With glued center walls for partitioning the bodies. With rows of holes (1/8") for adjustable shelf inserts and a perforated-metal back panel. Optionally with plastic boxes/trays on guide rails (see table).

Front consisting of 1, 2 or 3 wing doors with bow-type handle, inset-type handle or handle knob (see table).

Locking system optionally with cylinder or turn-knob locks.

Function: Optional with magnets on the outer sides for linking other cabinet elements.

Pull-handles (optional) made of steel on the top of the body.

The following material groups are available to choose from: Body made of chipboard: L4; Front made of chipboard: L3; Perforated-plate: M1; Grattells plastic box: C3.
