## TriTable-II Triangular table.

Frame made from welded round tubular steel legs with rectangular tubular steel top frame, all powder-coated.

Table with glide elements for hard or soft floorings or with 2C universal glide elements.

Table sizes in 7 fixed heights in accordance with DIN EN 1729.

Table top (right-angle triangle with two equal sides) made from melamine-resin coated LIGNOpal laminate with glued (KU) plastic border or highly compacted tops (HPL). Both with rounded corners (radius 1/4").

Function: Many combinations possible to form rows or group workspaces. The tables are 8-fold stackable and are equipped with stack protection at the lower edge of the top frame. Optionally available with removable plastic tray on the long table side.

Equipment: Optionally available with castor at the 90° corner with 3 castors.

The following material groups are available to choose from: Frame made of steel tube: M1,(chrome-plated); Top made of LIGNOpal-plastic: L4; HPL-top: L4; Gratnell plastic box: C3.
